Release Notes   January 2020

CoreLogic Database Update

Summary of Changes:

- 2 RFIs closed for the month of December

Database Updates:

- Standard monthly material price update

Item Image Updates:

- 48 new images have been rendered, completed, and uploaded for the January 2020 database update

- Images focus on the roofing, soffit, fascia, and gutter categories, and correspond to 118 specific line items

- Future monthly updates will continue to have new images added as they are completed, as we continue to work toward the ultimate goal of building a comprehensive library of brand new images for the majority of items in the database

Assembly Updates:

- Asphalt Roofing

- Updated the "exhaust/dryer vent" item to a more appropriate universal through roof style vent.

- The option to replace only the lower furnace stack flashing has been added.

Desk Adjuster Updates:

- Asphalt Roofing

    - Updated the "exhaust/dryer vent" item to a more appropriate universal through roof style vent.

RFI's closed during December 2019

ID	Title	Content	Comments
3123844	House Wrap Tape	The client would like to know if it would be possible to add "House Wrap Tape" as a component to the item *Vapor Barrier Shelter/House Wrap*. Client notes that it is standard to tape all seams and door and window openings when installing house wrap.	CoreLogic will add house wrap tape as a component to the existing item, *Vapor Barrier Shelter/House Wrap*. The update to the item will be available in the January or February database update.
3122009	Above Ground Pools	Pricing for Remove & Reset actions is lower than pricing for Reset operations in all Above Ground Pools line items.	CoreLogic has updated pricing to the Reset and Remove & Reset operations on all Above Ground Pool options in the database. These changes will be reflected in the December database release. In addition, all operations for Above Ground Pools in the PHT-Pools & Hot Tubs category are currently under further review and will be updated in the first quarter of 2020.
