

Release Notes

April 2020

CoreLogic Database Update

Summary of Changes:

- 3 RFIs closed for the month of March
- 237 new Item Operations added for the April Database Update

Database Updates:

- Standard monthly material price update
- New Wi-Fi Enabled “Smart” options for residential Thermostats, Locksets, Doorbells, and more.
- Other new items include: Additional sizes/materials for Vent Pipe Flashings, Vent Caps, and Furnace Vents.
- Changes to some of the sub categories in CAB - Cabinetry. CAB - Lower Cabinets is now called CAB - Base Cabinets. CAB - Upper Cabinets has been changed to CAB - Wall Cabinets.

Item Image Updates:

- 50 new images have been rendered, completed, and uploaded for the April database update

- Images focus on the doors, drywall, floor covering, window screen, and antenna & satellite dish categories and correspond to 107 specific line items.
- 398 total images have been completed to date, covering 763 specific line items
- Future monthly updates will continue to have new images added as they are completed, as we continue to work toward the ultimate goal of building a comprehensive library of brand new images for the majority of items in the database

Assembly Updates:

- Wiring By Room Assembly:
 - The default age for depreciation has been changed from “0” to “None”

Desk Adjuster Updates:

- No updates for this month

RFI's closed during March 2020
