ID	Title	Content	Comments
IS-43540	Lumber, Board, 1"x6", Treated VS Decking, Treated Pine 1"x6"	Client request for review of material price difference between the items: <i>Lumber, Board, 1"x6", Treated</i> and <i>Decking, Treated Pine 1"x6"</i> . Both items use Treated 1"x6" material but the cost per LF of material is different.	Currently, the item <i>Decking, Treated Pine 1"x6"</i> has an older version of the material associated with it, bringing the cost of that item down. It will be replaced with the updated version for the October or November database release.

CoreLogic®

IS-42630	Price Review on Wrought Iron Railings	Client request for pricing review of the items <i>Deck Railing, Complete, Wrought Iron</i> and <i>Railing, Wrought Iron Good-Excellent</i> .	CoreLogic will review the material and labor costs for the items <i>Deck Railing, Complete, Wrought Iron Railing</i> and <i>Wrought Iron Good-Excellent</i> . Any changes to materials or labor will be published in the November or December database update.
IS-43155	Pool Enclosure, Screened	Client request for pricing review on the items <i>Pool Enclosure, Screened Good-Excellent</i> . Client feels the price is much higher than they are seeing in the market.	CoreLogic has reviewed the items <i>Pool Enclosure, Screened Good-Excellent</i> . These items were built to be used as a SF of floor area. In using the foot print provided by the contractor estimates, the costs line up very closely with their quotes. The item comments will be adjusted to reflect this to better clarify for the user. We will also add additional detail clarifying what the items do and do not include. This should be completed for the October or November Database update.
IS-42807	Plumbing Access Charge	Client request to review costs for the items <i>Plumbing Access Charge, Concrete Floor</i> in all size ranges.	CoreLogic will review pricing and the components of the items <i>Plumbing Access Charge, Concrete Floor</i> in all 3 size ranges. Any necessary modifications should be published in the November or December database update. Please note, the user may need to consider adding ancillary items such as access to the worksite, site prep, contents manipulation, dust

barriers, debris removal, and final cleanup in addition to the *Plumbing Access Charge, Concrete Floor* line items as these are not included.

IS-43042	Bottom Board Repair, Polyethylene	Client request to move the item <i>Bottom Board Repair, Polyethylene</i> to the MSK – Mobile Homes, Skirting & Setup category.	CoreLogic will move the item <i>Bottom Board Repair, Polyethylene</i> , to the MSK- Mobile Homes, Skirting & Setup category. This will place the item in the same category as all other Bottom Board line items. This will be complete for the October Database update.
